### CONSENT FOR ACUPUNCTURE TREATMENT

I hereby request and consent to acupuncture treatments and other procedures within the scope of the practice of acupuncture on me by the acupuncturist named below.

I understand that methods of treatment may include, but are not limited to, acupuncture, acupressure, moxa, massage, cupping, electrical stimulation, Chinese herbal medicine, and nutritional counseling. I understand that the herbs may need to be prepared and the teas consumed according to the instructions provided orally and in writing. I will immediately notify my acupuncturist of any unanticipated or unpleasant effects associated with the consumption of the herbs.

I have been informed that acupuncture is a generally safe method of treatment, but that it may have some side effects including bruising and/or numbness or tingling near the needling sites that may last a few days.

There have been rare instances reported in which a patient fainted, developed a scar or infections, experienced a spontaneous abortion, or sustained a pneumothorax (air in the chest cavity that could cause a collapsed lung). The herbs and nutritional supplements that have been recommended are considered safe in the practice of Chinese medicine. Some herbs may have undesirable effects in larger doses than we recommend. Some possible side effects of taking herbs are nausea, gas, stomachache, diarrhea, or rashes. I will notify my acupuncturist if I am pregnant since some herbs can be harmful.

I do not expect my acupuncturist to be able to anticipate and explain all possible risks and complications of treatments. I wish to rely on my acupuncturist to exercise sound judgment during the course of treatment. I understand that results are not guaranteed.

By voluntarily signing below, I show that I have read, or have had read to me, the above consent to treatment, have been told about the risks and benefits of acupuncture and other procedures, and have had an opportunity to ask questions. I intend this consent form to cover the entire course of treatment for my present condition and for any future condition (s) for which I seek treatment.
